Following the instructions and using the information provided in the table, please establish your **Primary Nationality** & complete the relevant **National Identifier** details in Section A, for all account applicants. Alternatively you can refer to www.nationalitycalculator.co.uk.

You are **not** required to complete the National Identifier details in Section A if you are a UK National **only**.

Using the table

1. Establishing your Primary Nationality

Referring to the table below and the **Country column**, whichever of your nationalities is listed **highest** will be your **Primary Nationality**. (Please note, the countries are ordered alphabetically according to the National ID Code). E.g. if you are a national of the United Kingdom and Spain, as Spain is listed higher than the UK in the Country column list, your Primary Nationality will be Spain.

2. Identifying your National Identifier

Once you have established your **Primary Nationality**, you must provide us with the details of a relevant **National Identifier** as requested in the table, in the order of priority as indicated in each field. Please refer to the country specific instructions in the table for further guidance. E.g. using the same example as above, if your country of Primary Nationality is Spain, you will need to complete your Spanish Tax Identification Number & the National ID Code (ESI) in Section A.

Please note:

- If you are unable to provide a National Identifier, please complete the National ID Code & **tick the box** in Section A to confirm that you are unable to provide the requested details.
- You only need to provide the details of **one** National Identifier **in the order of priority** listed in each field. E.g. if you have established that your country of Primary Nationality is Czech Republic, you should only provide us with your Czech Republic National Identification Number if you are unable to provide your National Identification Number in the first instance and tick to confirm you are unable to provide the first priority National Identifier.
- *If you have established your **Primary Nationality** as one of the following countries, **Estonia, Spain, Iceland, Italy, Malta or Poland** and you are unable to provide a National Identifier as requested, **trading rules will prevent us from accepting your instruction to trade or transfer**.
