ShareGift is a charity (No.1052686) which specialises in realising the value locked up in small shareholdings and related cash entitlements. It does this by aggregating these shareholdings together which would cost more to sell than they are worth. The resulting proceeds from these aggregated sales is donated to a wide range of UK registered charities based on a number of factors including donor suggestion. For further details please visit [www.sharegift.org](http://www.sharegift.org)

If there is a UK charity or cause you support you can provide details below or by emailing [help@sharegift.org](mailto:help@sharegift.org). ShareGift uses this information, subject to due diligence, when choosing the charities it supports.

## National Client Identifiers (NCIs) – Private individuals only

**WARNING:** Current trading restrictions mean that citizens of **Estonia, Iceland, Italy, Malta, Poland, or Spain** who do not provide their National Client Identifier (NCI) will be unable to trade their shares in the future until this information has been provided.

[Example from National Client Identifier (NCI) Guide]

ISO Code (order)	Country	Primary National Identifier	Secondary National Identifier
5	CZ	Czech Republic	National identification number (Rodné číslo)
12	GB	United Kingdom	National Insurance Number

### Country (1), (2), and (3)

This refers to the country of nationality not residency. If more than one nationality is held, list the countries (up to three) in the order they appear on the National Client Identifier (NCI) Guide enclosed.

#### Example: Solely United Kingdom citizen/national

Country (1) will be United Kingdom.

#### Example: Dual citizenship/nationality with the United Kingdom and the Czech Republic

Country (1) will be the Czech Republic and Country (2) is United Kingdom as the Czech Republic appears before United Kingdom in the National Client Identifier (NCI) Guide.

### Primary National Identifier (required for Country (1) only)

The Primary National Identifier should always be provided unless unavailable, in which case an 'X' should be placed in the relevant box.

#### Example: Solely United Kingdom citizen/national

Primary National Identifier will be their UK National Insurance Number.

#### Example: Dual citizenship/nationality with the United Kingdom and the Czech Republic

Primary National Identifier will be National Identification Number (Rodné číslo) for the Czech Republic.

### Secondary National Identifier (required for Country (1) only where the Primary National Identifier is unavailable)

If the Primary National Identifier is unavailable then the Secondary National Identifier listed for Country (1) should be provided. If Country (1) does not have a Secondary National Identifier, or is unavailable, an 'X' should be placed in the relevant box.

#### Example: Solely United Kingdom citizen/national

As there is no Secondary National Identifier for United Kingdom, if a UK National Insurance Number is unavailable, an 'X' should be placed in the relevant Secondary National Identifier box.

#### Example: Dual citizenship/nationality with the United Kingdom and the Czech Republic

If the National Identification Number (Rodné číslo) for the Czech Republic is unavailable, the National Passport Number for the Czech Republic should be provided. If this is unavailable then an 'X' should be placed in the relevant Secondary National Identifier box.

## Legal Entity Identifier (LEI) – Companies, trusts, charities, etc.

**WARNING:** Companies, trusts, etc. will be unable to trade shares in the future until the LEI information has been provided.

The 20-digit alphanumeric Legal Entity Identifiers (LEIs) must be provided if signing as a company, trust, charity etc.
